Fresenius Medical Care and SEHA conclude agreement to serve dialysis patients in Abu Dhabi

Bad Homburg, Germany – Fresenius Medical Care AG & Co. KGaA (Frankfurt Stock Exchange: FME / New York Stock Exchange: FMS), the world's largest provider of dialysis products and services, announced an agreement with Abu Dhabi Health Services Co. PJSC (SEHA) for the management of its dialysis facilities in the emirate of Abu Dhabi. SEHA is a public provider of health care services in the United Arab Emirates. Both parties announced their signing of a non-binding memorandum of understanding on the deal in September 2010.

The 10-year agreement is effective as of March 27, 2011. Fresenius Medical Care will manage SEHA's six dialysis clinics in the emirate and treat a total of approximately 600 patients. A further 260-patient dialysis facility is currently under construction. Clinic physicians and nursing staff remain employees of SEHA. Both parties have agreed not to disclose financial details of the transaction.

"This agreement enables Fresenius Medical Care to expand its presence in a key Middle Eastern market," said Dr. Emanuele Gatti, the company's global chief strategist and CEO for Europe, Latin America, the Middle East and Africa. "As a vertically integrated dialysis company, we are the right partner for successful, long-term cooperation to improve the quality of dialysis patients' lives in Abu Dhabi. At

the same time, the contract is an excellent basis for further growth of our company in this region.”

Saif Bader Al Qubaisi, managing director and chairman of SEHA, commented: “Our goal is to provide world-class health care services for the citizens of Abu Dhabi. We are confident that the management partnership in our medical facilities will achieve the same outstanding quality treatment provided by Fresenius Medical Care’s own dialysis clinics.”
