HELIOS continues expansion in the German hospital market – acquires hospital in North-Rhine Westphalia

HELIOS Kliniken GmbH, a subsidiary of Fresenius, further strengthens its position as the largest private hospital operator in the German state of North-Rhine Westphalia. The company has agreed to acquire a 194-bed hospital close to the company's maximum care hospital in Wuppertal. The two hospitals already co-operate in the field of specialist care. Following the acquisition, HELIOS will operate a network of 19 clinics in North-Rhine Westphalia, including the maximum care hospitals in Duisburg, Krefeld and Wuppertal.

The acquired hospital employs about 500 people and had sales of €20 million in 2011. HELIOS plans to invest at least €8 million in the hospital's modernization by the end of 2017.

The acquisition is still subject to the approval of the anti-trust authorities. The parties agreed not to disclose the purchase price. HELIOS expects to close the transaction in the first quarter of 2013.
